

# Our Process

## 1. You have an Idea.

You may not know if it can be done, how much it will cost or how long it will take...

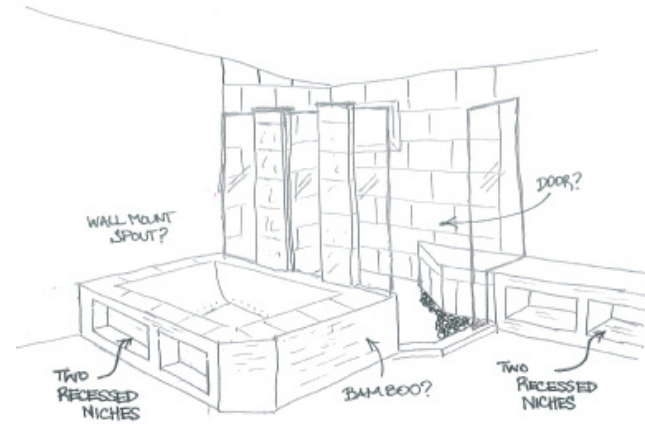

### Contact Us

You can fill out a contact form at [davefox.com](http://davefox.com) or give us a call at 614.459.7211. We will answer any questions you may have and schedule your first appointment.

## 2. The First Appointment

A design consultant will arrive promptly for your scheduled appointment. This is a complimentary consultation to introduce you to our company, answer additional questions, and to take a look at your space. As we listen to you communicate your goals we will begin evaluating solutions that may be best for you and discuss realistic budget expectations.

## 3. Design Planning and Consultation Phase

An appropriate design fee will be determined to start this exciting phase which will eventually credit directly toward your project. Detailed measurements and photographs of your home will be taken to allow your designer to begin working from an accurate plan. From this point, it will take between 2 – 3 weeks to generate the preliminary plans for your first look at our proposal.

## 4. The Design Presentation

During the first design presentation you will quickly see how your new custom plan addresses your goals and wish-list items. Floor plans, elevations, and artistic renderings will help you visualize and understand your new space, while the specifications will provide a complete cost analysis of the proposed plan.

Next, we will make necessary revisions based on your feedback from the design presentation. Once the final changes have been approved and you feel comfortable the project will achieve your goals, we move into the next phase of the project.

## 5. The Construction Agreement

This agreement maps out the projected start and completion dates, payment schedule, approved specifications, drawings and quote. Your personal Interior Designer will contact you to finalize product selections. We are now ready to start construction on your project and turn the design into reality. Your design consultant, interior designer, and project manager will work as a team to oversee the project through completion.

## 6. The Finish Line

Our service doesn't stop once your project is complete. Our three (3) year warranty will give you peace of mind that we stand behind our quality.
